REDLANDS COMMUNITY HOSPITAL AWARDED PATIENT SAFETY HONOR ROLL DESIGNATION BY HEALTH NET

REDLANDS, CA. – March 26, 2021 – Redlands Community Hospital has been awarded the Patient Safety Honor Roll designation by insurer [Health Net](#) for its excellence in meeting key patient safety standards.

Redlands Community Hospital was awarded the honor roll designation based on its [Leapfrog Group Hospital Safety Grade](#) and other publicly available patient safety measures. The Leapfrog Group, an employer-driven hospital quality watchdog, recently awarded Redlands Community Hospital an 'A' in patient safety.

“Patient safety is our highest priority at Redlands Community Hospital,” said Jim Holmes, President and CEO of Redlands Community Hospital. “We owe this honor roll recognition to our nurses, physicians, technicians and other team members commitment to delivering exceptional patient care to our community.”

Health Net's recognition program encourages hospitals to participate in data reporting and improve quality of care. Health Net lists Honor Roll recipients at the top of its Hospital Comparison Report. Powered by WebMD, the report is an electronic decision-support tool that provides an independent analysis of area hospitals, including their clinical outcomes, patient volume and charges for a particular procedure or medical condition. To review Health Net's Honor Roll list, visit provider.healthnet.com.
