Redlands Community Hospital Nationally Recognized with an ‘A’ Leapfrog Hospital Safety Grade

REDLANDS, CA – November 10, 2021 – Redlands Community Hospital (RCH) received an “A” [Leapfrog Hospital Safety Grade](#) for fall 2021. This national distinction recognizes Redlands Community Hospital’s achievements in protecting patients from harm and error in the hospital.

"Patient safety is at the center of everything we do at Redlands Community Hospital," said Redlands Community Hospital President and CEO James Holmes. "We are proud to earn an ‘A’ grade in safety and thank our dedicated clinical team and staff’s commitment to deliver exceptional quality patient care to our community."

The Leapfrog Group, an independent national watchdog organization, assigns an “A,” “B,” “C,” “D,” or “F” grade to general hospitals across the country based on over thirty national performance measures reflecting errors, injuries, accidents and infections, as well as systems hospitals have in place to prevent harm.

The Leapfrog Hospital Safety Grade is the only hospital ratings program based exclusively on hospital prevention of medical errors and harms to patients. The grading system is peer-reviewed, fully transparent and free to the public. Grades are updated twice annually, in the fall and spring.

"An ‘A’ Safety Grade is a tremendous achievement, of which this community should be extremely proud," said Leah Binder, president and CEO of The Leapfrog Group. "I thank the leadership and workforce of Redlands Community Hospital for its commitment to prioritizing patients and their safety, especially during these trying times."

About The Leapfrog Group

Founded in 2000 by large employers and other purchasers, [The Leapfrog Group](#) is a national nonprofit organization driving a movement for giant leaps forward in the quality and safety of American health care. The flagship [Leapfrog Hospital Survey](#) and new [Leapfrog Ambulatory Surgery Center \(ASC\) Survey](#) collect and [transparently report](#) hospital and ASC performance, empowering purchasers to find the highest-value care and giving consumers the lifesaving information they need to make informed decisions. The [Leapfrog Hospital Safety Grade](#), Leapfrog's other main initiative, assigns letter grades to hospitals based on their record of patient safety, helping consumers protect themselves and their families from errors, injuries, accidents, and infections.

About Redlands Community Hospital

Redlands Community Hospital is a 229-bed, independent not-for-profit, stand-alone facility located in Southern California.
